Summary

Frontend Developer with **1.5+** years of hands-on experience building **responsive**, high-performance web applications using **React**, **Next.js**, and **Tailwind CSS**. Completed 2 industry internships delivering production-grade features, including a multi-vendor e-commerce platform, full-stack **REST API** integrations, and scalable **UI** systems. Skilled in translating design requirements into clean, maintainable code with a strong focus on performance and user experience. Seeking a frontend internship to contribute to impactful products within a professional engineering team.

Experience

Vsolutions

Faisalabad, Pakistan

Frontend Developer Intern

Jun 2025 - Sept 2025

- Designed and delivered **3** client-facing websites using **HTML5**, **CSS3**, **JavaScript**, and **Bootstrap** — fully **responsive** across all devices.
- Translated client briefs into **pixel-perfect** UI layouts through revision cycles, meeting all deadlines with clean code.
- Optimized page load by streamlining **CSS/JS** assets and eliminating render-blocking resources across all **3** projects.nts, progress reviews, and quality discussions throughout internship.

Edify College of IT

Faisalabad, Pakistan

Frontend Developer Intern

May 2024 - Oct 2024

- Built **3+** production projects using **Next.js**, **Framer Motion**, and **MongoDB** including a full-stack restaurant platform and animated space-themed website.
- Contributed to Aura multi-vendor marketplace, optimizing responsive layouts across **5+** product pages using **React** and **Tailwind CSS**.
- Collaborated with senior developers in **agile** code reviews maintaining clean component architecture.

Skills

Languages & Frameworks

HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Bootstrap, Framer Motion

Backend & Tools

Node.js, Express Js, MongoDB, REST APIs, Git, GitHub, Vercel, Postman

Concepts

Responsive Design, Component Architecture, API Integration, Performance Optimization, OOP, DSA (Fundamentals)

Projects

Aura — Multi-Vendor E-commerce Marketplace

Tech Stack: Next.js · React · Tailwind CSS

- Architected multi-vendor e-commerce marketplace with dynamic product listings, filtering, and smooth navigation using **Next.js** and **Tailwind CSS**.
- Optimized** frontend performance through efficient component structuring and clean **routing**, reducing page **transition delays**.

Education

NFC Institute of Engineering & Fertilizer Research, Faisalabad

Bachelor of Science (BSCS) • 3.2

Computer Science

Faisalabad, Pakistan • Sep 2023 – Present

Pursuing a Bachelor's degree in Computer Science with strong academic foundation in **programming, databases- , object-oriented programming (OOP), and data structures & algorithms (DSA).**

Certifications

Web Development

Aug 2024

Edify College of IT

Completed a comprehensive web development program covering **HTML5, CSS3, JavaScript, React, Next.js, and Tailwind CSS** with hands-on project-based learning.
